The IIW Convention in Melbourne is just around the corner and I would like to take this opportunity to sincerely thank all those members who offered to host an overseas delegate while they were in Australia for the Convention. The delegates are being hosted in every state except one and I know they will have a wonderful experience with you all. To those who offered to host but, were not allocated a delegate, I thank you very much.

I am pleased to report that 65 delegates were able to be accommodated by you and that is a wonderful effort. The Convention Committee thank you all very much.

## A Report from Inner Wheel Australia President Karen Winters

Greetings to everyone and best wishes for a great 2018. We seemed to have marched swiftly into yet another year. The weeks are flashing past so quickly, that Christmas and the New Year are almost becoming a faded memory. We had a quiet family Christmas which gave us a time of regroup and refresh before the busyness of another year took hold.

As we begin the second half of our Inner Wheel year, I hope that you are all enjoying the various roles that you have taken on and that your year has been fulfilling, enjoyable and full of new memories that will leave a lasting place in your hearts.

February and March are the busy end of the year when Clubs and Districts are filling positions for the coming Inner Wheel year. I hope that many of you have put your names forward to help keep your Club and District moving along and that you will find your time on committee rewarding. There is a saying *"Alone we can do so little; together we can do so much"* this applies to our Clubs and Districts. If we all take on a small role to lighten the load for each other, we will achieve so much and we will all get to enjoy our Inner Wheel.

The past month has been a busy time for me with many District visits. I have also had the opportunity to share with Burnie Club who were celebrating their 35<sup>th</sup> Anniversary when I was in A80 and with Yenda Club who were celebrating their 60<sup>th</sup> Anniversary the week later. The visits have been a wonderful time of catching up with members I have met before and meeting many new and enthusiastic members. I thank you all for the warm welcome you have given to not only myself but to the lovely Connie, my travelling companion. We have had many lovely chats and lots of fun photos, which will add to my lasting memory of this year.

Excitement is brewing with the Wollundry Club Charter on the horizon and with the documents signed and sent off for a new Club in Corowa. Well done District A55 with two new Clubs, congratulations!

According to the clock at the time of writing this in just 19 days, 7 hours and 23 minutes to be precise, many of us will be gathering in Melbourne to welcome our fellow members from across the world to the IIW Convention. This time has certainly come around quickly and I know that those attending are all enthusiastic to share in this International Convention. Please give a thought to the hard working Convention Committee, if you have time to help during the Convention, thank you and enjoy. You will surely be making lasting memories with members from across the many countries attending.

If you are a voting delegate, please make sure that you know where to meet the person with your voting papers and please be on top of the voting and mark your paperwork correctly. I do look forward to seeing many of you in Melbourne and am looking forward to seeing everyone in their finery at the Melbourne Cup function. Don't forget your flag and your scarf if you are coming to Convention.

Finally, during the last few weeks we have once again been reminded what a diverse country we live in. North Queensland towns and cities have experienced flooding, Darwin has been severely damaged by a Cyclone and devastating fires have ripped through country Victoria and Tathra, NSW. Please spare a thought for those who have suffered throughout these disasters and if you or your Club wish to donate to our IWA Disaster Fund please do so. We will be discussing how we as an organisation can assist these communities when we next meet in April. In the meantime, please be safe, keep well and may you and your family have a Happy and Holy Easter Season.

In friendship,

## National Project Coordinator Barbara Mitchell

Hello Inner Wheel friends, I am your new Project Coordinator and stepping into the well-earned and worn shoes of Anne McGill and Susan Parry. Together with Diana Douglas (Warehouse/Stock Manager) and Marion Newman (Publicity and Promotional Materials Manager), we hope we can make a difference and that our Cord Blood Project goes from strength to strength. It is such an amazing project and gives us all a proud, warm fuzzy feeling, because of all the hard work we do to help so many people.

Hopefully you all would have received the new guidelines for District Project Coordinators, sent to you by our Inner Wheel Australia Secretary. Please read them and dispose of the other copies. Check the date on the bottom of the guidelines. It should read updated "February 2018".

**REMEMBER PLEASE ALL CLUBS**, to let your District Cord Blood Coordinators know the **total stock on hand** of merchandise you hold (do this after Coin for Cord Day).

Looking forward to hearing about how fantastic your Coin for a Cord Day went. Please take photos of yourselves and your stand and send any ideas, colour schemes, dressed bears or tips for selling. We can all share ideas to make our Coin for a Cord Day brilliant.

Hope to see many of you at the Convention. Look out for me and introduce yourself or I will find you on the dance floor.

Inner Wheel hugs
